Hi Sam,

Attached are our four edited fact sheets. I'll note that two of your comment bubbles on EtO need to be addressed to OAR. If IOAA has further questions, I can help facilitate/coordinate for NCEA.

OCIR still hasn't sent us a final list of topics they would like (though they want everything by next Wednesday... Deliberative Process / Ex. 5)

Subject: Wheeler Hearing: Briefing Doc on IRIS

Hi NCEA friends,

Now that President Trump has nominated Acting Administrator Wheeler to be the EPA Administrator, we can anticipate a confirmation hearing coming up soon. OCIR wants to get a head start on getting briefing materials together, and one of the topics they'd like materials on is, naturally, IRIS. I've updated the one pager we used for Wheeler's August hearing, attached. Could you please take a look at this to make sure it's accurate and see if there's any other information we should include (keeping it as short

and simple as possible)? I've listed OCIR's template for this doc below for context. If you could get your feedback to me next Thursday Nov 29, that'd be wonderful!

Also, OCIR says they are still coming up with additional topics for the briefing, so I might be back to you guys next week asking for help with topic-specific one pagers (sorry!).

Thanks!
